Product Description: Bold and dramatic and casual and inviting, the Wade Console Table makes an authentic and functional piece for your hall, entry way or family room. Crafted of Oak Solids in a dark wood finish, it has a narrow rectangle shape and a chunky leg design. Measures 70 inches wide and only 16 inches deep.

Status: Active

Finish: Dark wood finish

Features: Narrow, rectangle shape
Chunky leg design

Material: Oak Solids

Finish Construction: M utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: M uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
