Highlights

5D Pivot & Flex Heads

By flexing and pivoting in five directions, the head follows every curve of your face cutting just above skin level for a clean, comfortable shave even on sensitive skin.

ComfortCut Blades

27 self-sharpening blades comfortably cut each hair right above skin level for a smooth, even finish, every time. Our self-sharpening blades stay like new for 2 years.

Wet and dry shaving

Choose a convenient dry shave, or pair with your favorite foam or gel for a refreshing wet shave, even in the shower.

60 minutes of cordless shaving

In just an hour, the durable Li-ion battery is fully charged for about 20 shaves. In a hurry? A 5-minute quick charge gives you enough power for one shave.

Anti-Corrosion Shaving System

Our shaver blades are made from surgical-grade hypoallergenic steel to resist corrosion, prevent impurities, and protect your skin.

Pop-up trimmer

Refine and define your mustache and sideburns to complete your look with the pop-up trimmer.

One-touch open

The shaver head flips open at the touch of a button to rinse clean under running water.

Rubber grip

Never lose your grip. The ergonomic handle with rubber stays secure and comfortable, even when wet.

3-level battery indicator

Don't get caught with an empty battery. The battery indicator lets you know if the battery is low, empty, or charging.
