- Adjustable base friendly

KNIT FABRIC WITH COOLSENSE™ TECHNOLOGY

Exclusive cool-to-the-touch fabric with hyper-conductive CoolSense™ technology for a perfect balance of cool and comfortable sleep.

AIRE-ADAPT™ MEMORY FOAM

A next-gen Titanium infused material responding to your body's cues. CertiPUR-US certified, durable and with enhanced thermal conductivity, it's breathable, resilient, and supports posture, relieving pressure points for undisturbed sleep.

AIRELUXE™

An incredibly durable and resilient foam which conforms to your body and aligns your spine to minimize sleep disturbances.

WRAPPED COILS

Individually wrapped coils that are durable and supportive, they offer superior pressure relief along the shoulders, back and hips. They also help aid shock absorption to minimize motion disturbance between sides.
