THE DIFFERENCE
BETWEEN A
MEAL & AN
EXPERIENCE

A background image showing a glass of wine on the left and a spoon in the center, both resting on a table. The scene is softly lit, creating a warm and inviting atmosphere.

OUR STORY

Some of our happiest memories are born around the table—shared stories, good food, and warm laughter. It's what we were founded on in 1993, and it's what we believe in today.

While abroad, our founders fell in love with a surprising find: European ceramics. Enamored with the beautiful porcelain, their entrepreneurial spirits carried them home to their garage in Pittsburgh, where they began directly importing it to the U.S.

Building one relationship at a time, FORTESSA® TABLEWARE SOLUTIONS™ began by selling direct to customers, changing the way tableware products were distributed. And as relationships became friendships, products became passion. Dedicated to creating the most durable and unique products, we began working globally with factories to develop cutting-edge designs.

Driven by a love for shared meals, our company was built to bring exceptional tableware to market. It's our belief that business should feel as easy for customers as it does to enjoy dinner with friends. The name FORTESSA—derived from the Italian word for strength, *forte*—reflects our pride in quality products and lasting relationships.

Over 30 years later, we value food and friendships just the same. Whether it's an eight-course meal or a cup of coffee, every moment matters. Our passion for shared meals is behind every thoughtful design and unique product we craft. FORTESSA is proudly found in over 80% of all 4 and 5 star hotels in the U.S., in thousands of restaurants worldwide, and in just as many popular retail locations.

Our aim is to inspire moments around your table, both big and small.

We are FORTESSA TABLEWARE SOLUTIONS, the difference between a meal and an experience.

Zwiesel Fortessa Group is a globally leading group in the tableware sector, consisting of three industry-wide well established companies: Zwiesel Glas, United Tables and FORTESSA TABLEWARE SOLUTIONS

A photograph of a dining table setting. In the center is a white ceramic plate with a subtle, concentric circular pattern. To the left and right are glasses filled with red wine. In the foreground, a silver fork and knife are placed on a light-colored, textured cloth napkin. The background shows a white tablecloth and a piece of newspaper or a menu. The overall aesthetic is clean and modern.

ARCHIE

Inspired by the gothic architecture found in the western Sardinian city of Alghero, Archie blends color, light, and structured form. The molded facets put a tactile heft in the hand and refract the light, creating dramatic shadow play.

Each piece is spun molded and finished by hand.

OUTDOOR DRINKWARE

COMPOSITIONS

EASTMAN TRITAN™ *Copolyester*

Shock-absorbent and durable, copolyester stands up to frequent dishwashing and holds up against cement in drop tests, bouncing instead of breaking.

FORTESSA® *Acrylic*

Acrylic drinkware is a cost-friendly (and drop-friendly) option for casual outdoor dining and happy hours. While effortlessly lightweight, acrylic remains break-resistant and dishwasher safe—although we recommend washing on the top rack.

Reminiscent of seaside towns, the soft palette of La Côte Outdoor dinnerware comes full circle with corresponding drinkware. You can almost hear the waves retreating in the ombré effect as the tide goes out.

CARE & HANDLING

Extend the life of your flatware through proper care and handling.

FLATWARE CARE & HANDLING

FIRST *use*

- Before first use, wash flatware in hot water using mild detergent (rinse and dry before storing).

HANDLING

- When clearing tables, separate flatware from holloware and china to prevent scratching.

PRE-*soaking*

- After use, pre-soak in warm water for 10 minutes.
- Soak separate from other metalware such as cast iron and aluminum, as aluminum may cause discoloration.
- Do not use steel wool, metal scrapers, or other abrasive materials to remove food remnants from flatware.

WASHING

- Wash as soon as possible in flatware basket, mixing forks and spoons so they do not stack.
- Load forks and spoons handle-down to ensure maximum rinse.
- Load knives blade-down for safety in a separate basket (and to prevent scratching).
- **PVD ONLY** Do not wash color-coated flatware with other metalware (chemical reactions may occur that cause corrosion).
- **PVD ONLY** Only use mild, metal-safe dish detergent (no harsh chemicals or water softeners).
- **PVD ONLY** Hand wash to extend the life of the product.

DRYING (*afterwash*)

- Remove residual water by drying with a soft cloth or towel to prevent water spotting and corrosion.
- Store in dry area away from humidity and grease.

BEST *practices*

- Load flatware loosely in basket, encouraging optimal water flow.
- Dry immediately after washing (never soak overnight).
- Never leave flatware unwashed for long periods of time, as acidic and salty foods may cause corrosion.
- Never soak or wash flatware with cast iron.
- Before washing large quantities of flatware for the first time, test your detergent on one item to ensure that no chemical reactions will occur.
- Do not use silver polish.
