JORDAN MANUFACTURING COMPANY, INC.

Monticello Indiana

Kentland Indiana

Yuma Arizona

INTRODUCTION

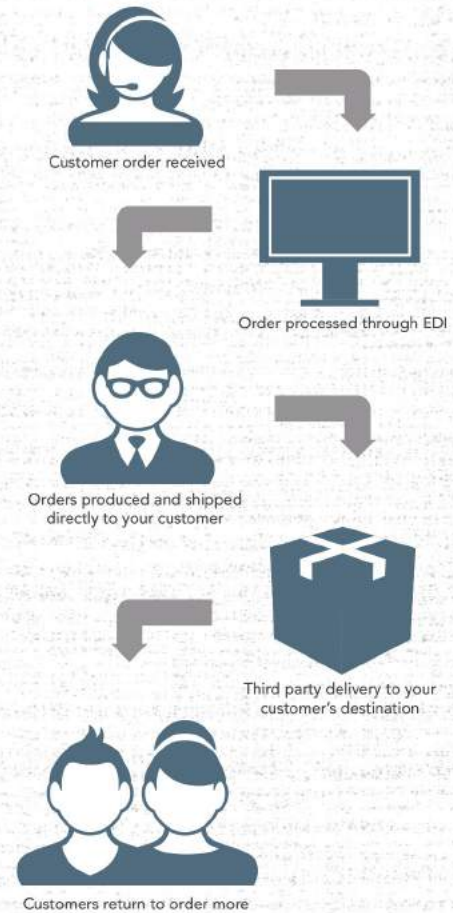

Jordan Manufacturing Company, Inc. is a privately owned and operated business with domestic locations in Monticello IN, Kentland IN, and Yuma, AZ. We also have international locations in Vietnam and Taiwan. Over the course of 44 years, Jordan Manufacturing Company has continued to thrive while many competitors have ceased to exist. Personalized service along with superior quality standards have helped drive our growing business. Caring about our customers and their needs have helped solidify our position in the industry. We partner with our customers to reach the right decisions and solutions for both parties. This combined with great service has given us the winning formula for success. We are continuously reinvesting in our company with state of the art equipment and a vertical manufacturing process to ensure competitive and fair prices.

WE DROP SHIP

Why drop ship? It's simple; drop shipping product saves you time, money, and expands product selections. All of this adds up to increased sales and higher margins in the product category.

Drop shipping reduces inventory and warehouse costs, not to mention labor costs associated with product handling. Jordan takes the hassles out of the drop shipping process by maintaining inventory levels to ensure on time delivery of products direct to your store or your customer's home. In most cases, Jordan ships within a three to five working day window of receiving the order.

Jordan is fully EDI capable and has been for a number of years, which means faster and more accurate processing of orders. Sit back, relax, and let Jordan take the headache out of drop shipping!

PERSONALIZE IT

We offer embroidery and personalization options for various items.

DIGITAL PRINTING

Jordan Manufacturing has invested in a new digital printer to allow our customers more flexibility when ordering specialty pillows. The main issue with printing pillows overseas is the minimum order quantities of 3,000 yards which translates to 9,000 pillows per pattern. Digital printing allows for much smaller MOQ's.

We can print as few as three pillows per pattern. This is a great way to test new pillow ideas before investing in screens overseas. These domestically printed pillows are re-orderable throughout the season. It is also a great option for regional patterns and allows you to target a specific customer base rather than selecting 4 or 5 designs that appeal to everyone. Digital Print pillows are also a great way to incorporate the various seasons into your décor. Let our design team work with you to create one of a kind exclusive prints.

CUSHION CONSTRUCTION

The Jor Collection is our extended line of high end patio cushions designed for customers who desire the best in fabric, design, and quality. We offer a wide range of replacement cushions to fit most furniture styles. Jordan has the ability to design and match various furniture manufactures' cushions in a replacement capacity. In many cases we offer a higher level of quality and design than the original manufacturer. Our formula for design and quality, coupled with hundreds of pattern choices add up to a formula that is second to none in the industry.

CUSHION EDGES

Box Edged

Box Edges are made up of three different pieces of fabric. A top, bottom and side layer come together to form box like edges.

Knife Edged

This type of edging has more of a rounded corner. Top and bottom layers of fabrics are sewn together for a tapered, clean edge.

French Edged

This edge has a box like look without welts or piping. The corners of the cushions are precisely sewn to achieve the clean appearance.

CUSHION FILLING

Foam Filling

Foam filling gives the cushions rigidity for long-lasting support. The foam also helps the cushion retain its shape. Foam is often used for our outdoor pouf cushions.

Layered Fiber

This type of filling is produced in different thicknesses and densities. This gives the cushion a more tailored appearance.

Blown Fiber

This fiber has the appearance of cotton, but has a much slicker feel to it. A cushion filled with blown fiber, achieves a pillow like feel and appearance for cushions such as wicker seat pads and toss pillows.

CHAIR CUSHIONS

Euro Style

Knife Edge, Layered Fiber-Fill,
1-Piece Hinged, Ties, Hanger

- 9040 - 21 x 38 x 3.5 (22/16)

OUTDOOR FABRICS

Fabric Facts

We offer high quality outdoor fabric for all replacement cushions and patio umbrellas. The outdoor fabric is exclusively designed for outdoor use. We offer our customers a wide selection of outdoor stripes, solids, and prints to choose from.

- All of our fabrics are made for outdoor use unless otherwise specified
 - All fabrics are liquid and stain resistant
 - It is ok that your fabrics and cushions get wet
 - Every fabric is fade, mildew, and rot resistant
 - There is no need to treat your cushions with protectants
 - Fabrics are included in cushion price shown
- To prolong the life of the fabric store cushions and umbrellas indoors during winter or inclement weather
- To prolong the life of your cushions, spread a towel over the cushion when using baby oil, suntan lotions or oils. These products tend to breakdown the U.V. factor in the fabric and can cause premature fading.
- Spilling food or drink onto your cushion can cause bacteria to be trapped between fibers and threads, causing mold to grow. Periodically clean your cushions with mild soap and water to safeguard against this. Fabric itself does not support mold, but the bacteria can become trapped between weaves.
- Fabric Prices are based on grade and weave of the fibers used in the fabric as well as hours of U.V. protection.

Acrylic

Woven from Solution Dyed Acrylic Fiber. Will retain its color and vibrancy for years. Soft, Comfortable, Breathable Fabric with a Soil and Stain Resistant Finish. Cleans Easily, Resists Mildew, Rot and Atmospheric Chemicals. Best Long-Term Value. Approx 1000 hours of U.V. protection from fading. 5 year limited warranty on the fabric only.

Acrylic Linen

Woven from Solution Dyed Acrylic Fiber. Will retain its color and vibrancy for years. Soft, Comfortable, Breathable Fabric with a Soil and Stain Resistant Finish. Cleans Easily, Resists Mildew, Rot and Atmospheric Chemicals. Best Long-Term Value. Fabric is exclusively designed for outdoor use. 5 year limited warranty on the fabric only. Approx 1000 hours of U.V. protection from fading.

Olefin

Olefin Fiber is Solution Dyed then Woven, Retaining Color and Vibrancy for Years. Olefin will resist Stains, Mildew, Fading, and Abrasions. Easy-Care, Open Weave Construction Stays Cool. Fabric is exclusively designed for outdoor use. Olefin is an economical alternative to solution dyed acrylics. Approx 1000 hours of U.V. protection from fading.

Spun Polyester

100% Polyester Material. Treated for Soil and Stain Resistance. Easy Care, Open Weave Construction Stays Cool and Comfortable. Fabric is exclusively designed for outdoor use. Approx 500 hours U.V. protection from fading.

Tspun 100% Polyester

A combination of Spun and Filament fibers. Resists Stains, Mildew, Fading, and Abrasions. Fabric is exclusively designed for outdoor use. Approx 500 hours U.V. protection from fading.

MERCHANDISING TOOLS

With over 40 years of experience we know the formula for success. Our professional sales staff will help you determine the best merchandise display methods to meet your needs. These are just a few of the many marketing aids that are available to our customers.

- Attractive, functional and easy to use display options
- Packing that converts into merchandising tools
- Custom poly-bag options available (cushion sets)

MISCELLANEOUS INFO

Cushion Dimensions

Due to the nature of our cushions being hand made, sizes may vary slightly from catalog sizes.

Customer's Own Materials

COM orders are priced using the "A" grade prices. All fabric shipments must be accompanied with a packing slip showing the necessary information needed to process the order. Ship all material to "Attn: Jor CSD," 1200 S. 6th Street, Monticello, IN 47960. JMC is not responsible for returning fabric remnants and does not warrant quality of fabric when customer supplies their own fabric. Yardage given is based on 54" wide roll goods. If using a stripe pattern allow for more yardage.

Return & Cancellation Policy

Returns must be authorized by JMC and must be accompanied with a copy of the original order. No cancellation of orders will be honored after they have been cut. Depending on scheduling production could begin as soon as one (1) to three (3) days after receiving order.

Freight Claims

Cushions and umbrellas are inspected and received by the freight carrier in new condition. It is the responsibility of the buyer to inspect the merchandise upon arrival and file a damage claim with the carrier. Do not accept the order if damage is evident. The customer receiving the order should file with the appropriate carrier. All labels on FedEx orders will be marked with the number of boxes shipped. FedEx orders may not arrive all in the same day. Please allow two days to receive the complete order because Fed Ex will often split up shipments. Please notify us of any shortages immediately.

Fabric

Jordan Manufacturing is not responsible for dye lot changes within the Jor Collection.

Matching Prints

All cushions are randomly cut unless specified. Matching is subject to a 45% up charge.

Umbrella & Cushion Warranty

JMC warrants the quality and workmanship of our cushions and umbrellas for a period of one (1) year from the original JMC invoice date. This warranty is limited to normal use and proper care by the purchaser. It does not include commercial uses or normal fading of fabrics. JMC is not liable if the customer fails to use proper cleaning techniques in regard to fabric care and maintenance. The warranty is void if failure of the cushion/umbrella is caused by acts of nature, accident, neglect, abuse and/or failure to take reasonable care of the product. All measurements and specifications are approximate.

Umbrella frames are not warranted against freight or wind damages. Freight damage claims should be filed with the freight carrier. Warranted items must be returned freight prepaid prior to repair and accompanied by invoice number and date of invoice. Warranted items will be given immediate attention and will either be repaired, replaced or credited accordingly. Do not use patio umbrellas during windy conditions. Always close or remove them from tables when not in use. A bolt down deck plate or base filled to capacity should be used in conjunction with dining tables to stabilize umbrellas. Do not use umbrellas as "free standing" items unless properly supported.
