- NextGen TV¹⁴
- 8K Association
- 8K Ultra HD
- Filmmaker Mode¹⁵

¹For non-native 8K content, utilizes AI-based formulas to upscale to 8K.

²Utilizes AI-based formulas to upscale to 8K resolution. Resulting picture may vary based on source content.

³QLED televisions can produce 100% Color Volume in the DCI-P3 color space, the format for most cinema screens and HDR movies for television.

⁴240 frames is limited to 4K resolution and requires compatible content connection from compatible PCs.

⁵Super Ultrawide GameView is supported for PC games only. Super Ultrawide GameView is only available for ultra wide supported games. Some game title may not support the function or be limited to use this feature. Screen resolution change from external device may be required.

⁶Samsung Account required for network-based smart services, including streaming apps and other smart features. Separate [connected] computer, mobile or other device may be necessary to create/login in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI) and terrestrial/over-the-air TV (only for TVs with tuners) available.

⁷Alexa is built-in.

⁸SmartThings compatible devices only. SmartThings app download may be required.

⁹Subscriptions may be required for some services. Smart Trainer support devices may vary by country.

¹⁰High speed internet connection, additional gaming service subscriptions and compatible controller required.

¹¹HDMI-CEC (Consumer Electronics Control) facilitates convenient control functions with compatible devices.

¹²Requires third-party control system installation. See www.samsung.com/us/business/custominstall.

¹³Q-Symphony is available only with compatible soundbar. Check for Q-Symphony compatibility on soundbar product specifications.

SAMSUNG

QN900D Samsung Neo QLED 8K TV

KEY FEATURES

Infinity Air Design

See more of the screen and less of the borders with an almost-invisible profile. The image reaches all edges of your TV, giving you an expansive view.

Neo Quantum HDR 8K Pro

Take in our best 8K quality picture with a huge range of contrast and color. Brighter brights, darker darks bring you an unbelievable picture.

Real 8K Resolution With AI Upscaling Pro

See our clearest picture with our best 8K resolution that instantly improves as you watch. It's 4x higher resolution than 4K for everything from games to movies and more.

AI Motion Enhancer Pro¹

Watch live sports and action with smoother objects and text. It sharpens motion so that you don't miss a moment.

Dolby Atmos™ and Object Tracking Sound Pro

Don't just hear the action—feel it with our best TV audio and built-in Dolby Atmos® sound. Dramatic 3D audio fills the room as AI Soundtracks the action on screen with pinpoint accuracy.

Real Depth Enhancer Pro

Experience depth and dimension on screen just like you do in real life. Real Depth Enhancer Pro finds the focal point in each frame and adjusts for a fully dimensional picture.

NQ8 AI Gen3 Processor

See our clearest detail, stunning depth, shading and textures that result in a better-than-the-theater experience, in addition to enhancing your audio and total TV performance.

Quantum Matrix Pro with Mini LEDs

Discover details you've been missing—even in dark and light scenes. It has 1.5x more lighting zones than normal Quantum Matrix technology for even greater detail.

Motion Xcelerator Turbo 8K Pro²

Stream your content with amazingly smooth motion and virtually no lag or blur. Get uninterrupted action with crisp visuals rendered at top speeds.

Auto HDR Remastering³

Elevate your viewing experience with our best 4K color and contrast. AI-based algorithms help create brighter highlights and details.

¹ Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode.

² 240 frames is limited to 4K resolution and requires compatible content connection from compatible PCs.

³ Utilizes AI-Based formulas.
