

Sleep Climate™ Technology*, designed to help transfer heat away from the body, combines vertically-oriented fibers with surface-cooling technology for an optimal sleep.

*Available in Black Quilted models only

Up to 4K Micro Coils are designed to enhance conformability for our highest level of premium, individualized support.

Triple-Stranded Pocketed Coil® Technology is designed with head-to-toe orientation to deliver our most advanced level of individualized support and motion separation.

Experience Luxury Reimagined with the 2024 Beautyrest Black® Collection

Pressure Relief

Designed with our most premium foams to deliver enhanced pressure relief and freedom of movement – for both you and your partner.

Cooling Comfort

Enjoy our most advanced cooling system, with dual layers of cooling technology designed for all-night comfort.

Premium Materials

Designed to deliver the highest performance standards, with fashion-inspired aesthetics and high density foams for superior durability.

Patent Pending Hybrid Apex Top Construction*

Delivers an edge-supported sleeping area plus immediate interaction with FORM™ HD Material at the mattress surface.

*in select models

Beautyrest BLACK® COLLECTION

WHERE LUXURY
MEETS INNOVATION

2024 COLLECTION

Self-Response™ Latex features a ventilated latex layer designed to maximize airflow and conform to your body for responsive pressure relief.

Micro Diamond™ Memory Foam is infused with diamond particles and designed to help move heat away from the body for a cool sleep.

FORM™ HD Material: Melt into the comfort of this breathable foam that deeply conforms to your body, relieving pressure as it cradles every curve.
