

# NOIR™ 36" GAS PROFESSIONAL-STYLE RANGE WITH GRILL

## Signature Features

### JENNAIR® CULINARY CENTER

With step-by-step support, savor the full culinary experience backed by customized algorithms, featuring full-color food photography, doneness levels, pan types and menu-specific tips.

### GRILL

Grilling knows no season. Our founder's legacy is rekindled as we bring grilling back indoors. Harness 16,000 BTUs of searing, even heat coursing beneath cast iron grates.

### CONNECTED TEMPERATURE PROBE

Know when dinner is done without ever opening the door. Precision readings of food's internal temperature are sent directly to the app.

### REMOTE ACCESS

Preheat. Check cooking status. Personalize settings. Connect to WiFi for real-time notifications and control your appliance from anywhere. Tap and swipe on both iOS and Android devices.

### DUAL-FAN TRUE CONVECTION

Steady heat, circulated by whirling metal blades, weaves around every flat tine. Beyond baking, wield your cooking prowess with the help of the culinary center through the app, from marbled meats to succulent roasts.

### 20,000 BTU DUAL-STACKED POWERBURNER

This 20,000 BTU dual-stacked PowerBurner can handle high-powered cooking while still being gentle enough for delicate simmering with turndown of 1,650 BTU.

### HALO-EFFECT KNOBS

A halo of luminary LEDs glows softly when the burner is lit or the oven is on.
