

GUST under-cabinet

A discreet, European-style, professional-looking range hood, Gust adds fashion to under-cabinet installations. With its mechanical controls neatly tucked away below the canopy, Gust provides the subtlety its owners require. Its perfectly curved corners and understated top-mounted return-air louver offer further evidence that Gust spares nothing when it comes to quality construction.

- Optional recirculating kit
- Available with 290-CFM motor
- Optional baffle filters available
