Spanning the globe, Feizy has been bringing show-stopping, award-winning products to an extensive range of customers for over 49 years. The consumer demands such versatility and we deliver without compromising the integrity prevalent in the most exclusive to the most affordable of our offerings. The same passion for rug making that began in 1973 can be seen in every knot, every tuft, and every finish of our luxury Fine Collections as well as our more accessible Lifestyles Collections.

We warmly appreciate our partners who bring these exquisitely-crafted products to everyday lives both as home fashion and as long-treasured family heirlooms.

Sincerely,

**A rug should not ground a room, it should elevate it.**

### **Products That Tell a Story**

The weaver's hands tie delicate knots across a loom in Varanasi, a wool pile is being hand-carved in Tianjin, and a power loom in Gaziantep weaves an intricate pattern rhythmically across the machine. These are the sights and sounds of both centuries-old and modern-day technology, each creating the products that will grace the showrooms of Feizy. These skilled craftsmen and technicians bring generations of expertise and historic tradition along with superior craftsmanship and innovation. Combined with our impeccable design sensibility, the rugs created become artistic statements that can make any consumer feel like a designer or even a world traveler!

### **People Behind Every Detail**

The type of product we create can only come from a highly motivated, imaginative, and knowledgeable corporate team in conjunction with top-notch domestic and overseas facilities committed to transforming our vision into reality. Insights into the latest design and color trends coupled with direct manufacturing capabilities and constant communication allow us to deliver a timely and inspired product. Feizy rugs stand out as a result of the attention to detail from every eye, heart, and hand that create them.

### **A Community Helping Communities**

In October of 1998, a school was created in partnership with the Child Care Foundation (CCF) in Attock, Pakistan. It was the first moment education had been available to the children of this weaving town comprised of refugees fleeing Afghanistan. Since then, Feizy has provided funds for books, uniforms, teachers' salaries, building construction and maintenance, and even the daily to-and-from transportation of the school's students. The school that now numbers close to 200 students, both boys and girls, has helped curb child labor in the small town by stressing the importance of learning and its impact on future life opportunities. Feizy never uses child labor and moreover, is committed as a company to eradicating it.

We also proudly support Feed My Starving Children (FMSC), a valuable, non-profit that provides nutritious meals to starving children locally, domestically, and internationally, as well as other local, national and international causes. Feizy cares about the communities in which we live and work. Please contact Justin Yeck: [jyeck@feizy.com](mailto:jyeck@feizy.com) for inquiries about Feizy's community involvement.

A photograph of an outdoor patio furniture set. In the foreground, a dark gray sofa with a wooden frame is partially visible. To its right is a low, wide wooden coffee table with a planter box filled with various succulents. In the background, two wooden armchairs with gray cushions are positioned on a gravel surface. The patio is bordered by a concrete walkway and a lawn, with tall, golden-brown grasses in the distance. A dark curtain is visible on the right side of the frame.

# LENNOX

The Lennox Collection celebrates the beautiful simplicity of hand-drawn line work and serves to highlight the artisans behind each piece. Simple shapes and neutral colors are minimalistic, sophisticated and approachable at once. There is an unexpected depth and intrigue to each piece derived from the variation of color within the pile - achieved by space-dyeing the luminous viscose that composes it.

# THACKERY

The Thackery Collection embodies the belief that imperfections are beautiful. Unlike the precision and uniformity of other machine woven rugs this collection imitates the more natural appearance of oriental craftsmanship. Thackery's high-low texture as well as the color variation within its hand-spun yarn known as abrash are both characteristic of hand-crafted rugs. Presented in soft motifs with hints of rust and blue against a charcoal background this perfectly imperfect collection feels effortlessly sophisticated.

Tobias Tovera is an American visual artist recognized for his work in painting and the sensory surrounds of his metamorphic sculptures. Inspired by Tovera's paintings this collection showcases contemporary and transitional designs - power loomed in cobalt, yellow and green, which are then balanced with a more neutral gray. The combination of colors lends itself perfectly to the watercolor effects used throughout the collection.

# CARE AND CLEANING

Take caution while cleaning a rug; start with an inconspicuous area. If you are uncertain about your ability to effectively clean the rug on your own, Feizy recommends you first consult a rug cleaning professional. Feizy accepts no liability for damages that a rug may incur during the cleaning process listed below. Everyday accidents happen, but that doesn't mean your rug's appearance has to suffer. Here are six steps to ensure your rug won't pay the price of mishaps.

- 1 ACT FAST
- 2 BLOT - NEVER RUB
- 3 CLEAN - EDGE TO CENTER
- 4 DO NOT SOAK
- 5 PAT AND FAN DRY
- 6 BRUSH PILE

**Food and Beverage:** Vacuum dry spills thoroughly on Machine-made rugs. For wet spills, use 1/4 teaspoon of mild liquid detergents with a cup of water.

**Red Wine:** Pouring salt over spills on all dark liquids will absorb the liquid like a sponge.

**Pet Messes:** Use a vinegar solution, 1 cup white vinegar to 2 cups of water. Rinse with cold water and blot dry.

**Paint, Oil and Grease:** Use nail polish remover. Rinse with cold water and blot dry.

# VACUUMING

## **Vacuum Regularly...**

The number one way to ensure rug integrity is vacuuming. Vacuuming regularly helps prevent dirt on the surface of the rug from filtering down into the pile where it can accumulate and cause increased wear. Vacuum once a week for light traffic, one to three times a week for moderate traffic, and daily for heavy or pet traffic. Occasionally, vacuum the back of the rug to remove the fine grit that may damage the foundation of the rug and remember to vacuum both sides of reversible rugs to prevent dirt from settling into the fibers.

## **...But Carefully**

Many of today's vacuums are high powered and standard vacuuming can pull threads through the rug backing. Vacuums equipped with a power brush create a raking effect on the rug and can weaken the knots. Ideally, use a canister vacuum (or the handheld attachment on an upright vacuum) to clean your rug. Remember, brooms and manual sweepers are just as effective and often a safer maintenance option.

## **Beater Bars**

When using an upright vacuum, disengage the beater bar as this can pull fibers from the rug and cause premature deterioration. If you are unable to manually turn off the beater bar, set the vacuum to its highest setting and gently set the vacuum on the rug.

## **Fringe**

Avoid vacuuming the fringe on your rug. The fibers can be caught and destroyed by the rotating mechanism of the vacuum's brush. Continuous friction on a fringed or serged edge can deteriorate the fibers over time. Fringed edges are sensitive and a handheld attachment is ideal for routine cleaning. Should the fringe of your rug become damaged, seek immediate assistance from a reputable rug repair workshop.

## **Shag Rugs**

Avoid vacuuming shag rugs entirely as traditional vacuuming can severely damage the rug fibers. Instead, shag rugs should be carried outside and beaten to loosen dirt and release foreign particles.

*Salina 6887F in Blue*

# MAINTAINING YOUR INVESTMENT

## **Color Variation**

Each Feizy Rug is unique. The color in handmade rugs can vary from piece to piece as dyes change over time.

## **Shedding**

While shedding will gradually diminish (depending on traffic volume), in some cases, it cannot be avoided. Wool rugs will always shed, but after 25-30 vacuums, you should see a decrease. However, some rugs will shed over the course of their lifetime.

## **Sprouting**

Occasionally, a loop in your rug may pull up from the pile. Use a pair of scissors to cut the loop even with the surrounding pile. Do not pull the loop as this can make the problem worse.

## **Creasing**

If your rug is rolled or folded during shipping, it may have creases. Creasing should disappear in a few weeks while the rug is laid out. Reverse rolling the rug overnight can accelerate this process.

## **Odor**

Shipping rugs in a sealed wrap can saturate odors from dyes and yarns into the pile. Once the rug is exposed to fresh air, most odors will dissipate within a few days to a week.

## **Fading**

Even color in fade resistant rugs can fade over time if exposed to direct sunlight.

## **Wear**

Over time, rug wear is unavoidable. All rugs should be rotated two to four times a year to balance and evenly distribute color and traffic wear.

## **Soil**

Walking over your rug with shoes on can impart dirt and other particles. Over time, these particles can work down through the pile and deteriorate the foundation of your rug.

# CHOOSING A RUG

## Size

Rugs add impact by enhancing the decor that lies above it. Determining where the rug will be placed is crucial to deciding the size of the rug you purchase. For example, in a 4' x 6' foyer, a 3' x 5' rug would look most appropriate. Any smaller and the rug makes no visual impact. Any larger and you lose the "framing" effect a rug creates on the flooring below.

Shape	Suggested Sizes*	Use in

## Can't find your size?

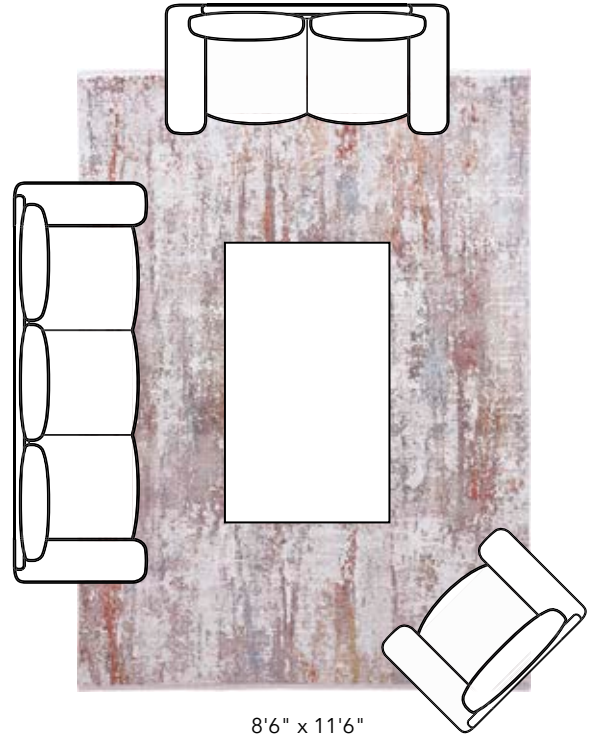

Take advantage of Feizy's Custom Design Services! Feizy makes it easy to design your own rug. Choose from four popular solutions: recreate any rug from our active collections with a new construction, customize the color, size, or develop an entirely new design to meet your needs.

## Living Room

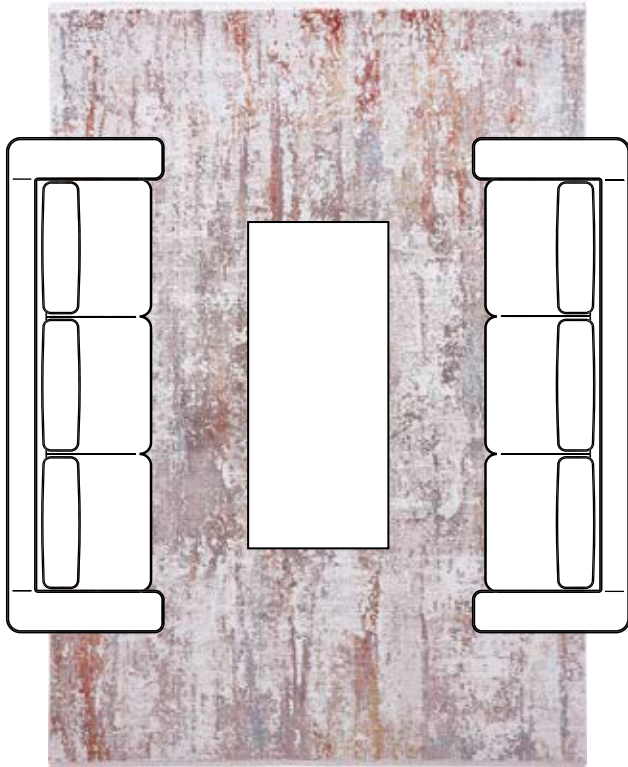

For smaller living rooms, or if you'd rather not have furniture on your rug aside from a coffee table, use a 5' x 8' rug. If you prefer the front legs of your furniture on the rug, go with at least an 8' x 11'. For oversized furniture or to create a defined space, choose a 9'6" x 13'6" or larger.

## Dining Room

### Small Tables

For smaller tables and dining rooms, use a round, square, or 5' x 8' rug.

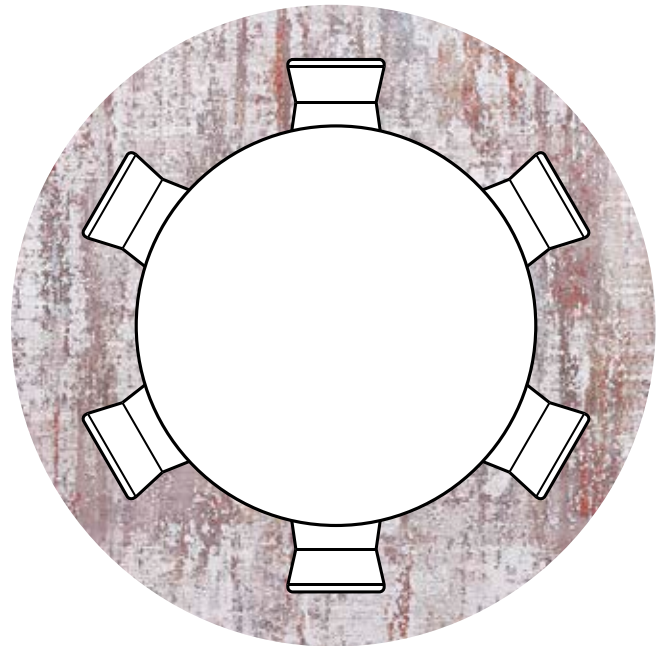

### Large Tables

For larger dining rooms and tables for six or more people, use a 7'9" x 9'9" or larger to frame the table and chairs. Remember to leave enough room for chairs to slide without catching the edge of the rug.

## Home Office

When choosing a rug for your home office, consider the size of the room, whether or not you'll have chairs for clients, and if you want those chairs on the rug as well. Use a 5' x 8' for smaller offices and an 8' x 10' for larger areas.

5' x 8'

## Bedroom

### King Bed

For king and queen sized beds, layer the rug horizontally underneath. A king size bed calls for at least an 8' x 10' and usually a 9' x 12'. Anything smaller will appear out of proportion.

9'6" x 13'6"

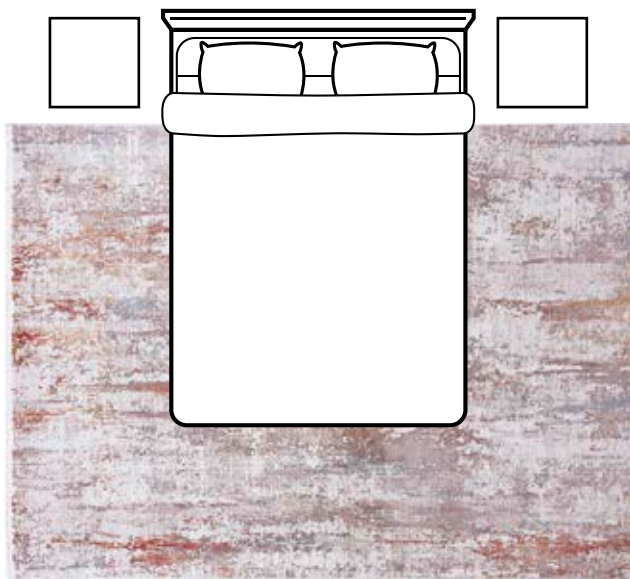

## Bedroom

### Queen Bed

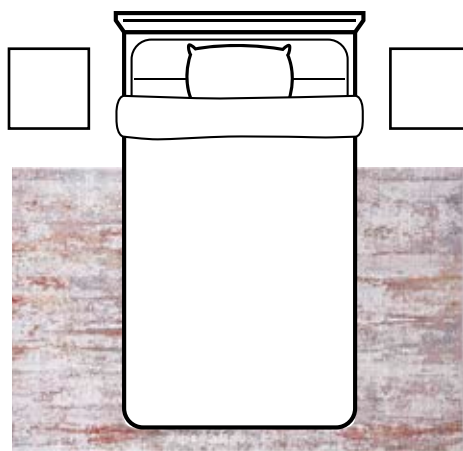

Both an 8' x 10' and 9' x 12' will work, but remember the larger rug has the effect of making the room look bigger.

### Full/Twin Bed

Use a 5' x 8' for full and twin sized beds. Layer the rug horizontally underneath or use a runner next to a bed against the wall.

Any shortage/damage must be clearly marked on the Carrier's delivery receipt at time of delivery. If buyer accepts the goods as is, buyer is responsible for payment to Feizy, despite any damage or shortage caused by carrier. Feizy is not responsible for goods damaged/shorted in transit unless noted at the time of delivery. Buyer is to notify Feizy immediately of any delivery exceptions that were noted on Carrier's delivery receipt. When notated correctly, Feizy will work with the carrier and customer to get the item(s) replaced/located.

**TAX ON PURCHASES.** A valid sales tax exemption certificate, or resale certificate, is needed in order to make tax-free purchases with Feizy. As such, Buyer must provide Feizy with a properly completed certificate prior to purchase or Feizy will calculate the sale with the appropriate and applicable taxes.

## **RETURN POLICY**

**RETURN WINDOW.** If Buyer is not happy with Feizy's goods for any reason, Buyer may return the goods in undamaged new condition for a refund within thirty (30) calendar days of purchase. Feizy may reduce, or reject, a refund for goods returned damaged which were not the result of Feizy's actions or which were not defective at the time sold.

**BEFORE RETURNING GOODS.** Prior to returning any goods, Buyer must contact Feizy's Customer Service at [returns@feizy.com](mailto:returns@feizy.com) for a Return Merchandise Authorization Number (RMA #). The RMA # must accompany all returned goods. Feizy shall refuse to accept any returned goods which fail to adhere to the return policy instructions or which lack an RMA #. Buyer must return the goods within 15 days of obtaining this RMA#.

**SHIPPING COSTS.** Buyer shall be required to return the goods at their own expense and Buyer must provide tracking number and proof of delivery upon Feizy's request. However, if Buyer is returning defective goods or goods which were shipped to them incorrectly, Feizy will issue a call tag and Feizy will be responsible for the cost to return.

**REFUNDS.** Allow 6-8 weeks to process and mail any refund checks and 1 week to appear on credit card statement.

## **LIMITED WARRANTIES**

**DISCONTINUED GOODS.** Discontinued goods are sold "AS IS" and may not be returned for any reason.

**ALL OTHER GOODS.** All goods which are not discontinued goods are sold with the following limited warranties:

**LIMITED IMPLIED WARRANTY OF FITNESS:** FEIZY EXPRESSLY LIMITS ANY WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE WITH RESPECT TO THE GOODS BEING SOLD TO 30 CALENDAR DAYS FROM THE DATE OF PURCHASE.

EXCEPT AS PROVIDED HEREIN, FEIZY'S MERCHANDISE IS PROVIDED "AS IS".
