Product Description: Elevate the look of your living space with the Palette round coffee table, an alluring blend of European design and nature-inspired beauty. A light travertine stone top rests upon a contrasting, curved wood base, evoking the illusion of a floating surface. Part of a table collection with three distinct heights and sizes, the Palette coffee table can be paired with other versions to create a layered, visually captivating look that expands surface space without crowding a room.

Status: Active**Case Good Options:**

A sophisticated, European-inspired design

Constructed of a light travertine stone top on a solid ash wood base

Travertine stone tops are individually unique, containing natural pores and textures

Wood base is finished in a dark walnut stain for contrast against the light stone top

Can be bunched with the short and tall bunching tables for visual interest

Legs contain levelers for adjustable stability

Assembly required and hardware included
