# Quick Guide - BIOS & EC Update

MSI

This guide shows steps to update BIOS along with EC firmware. Check the video tutorial with step-by-step update instructions.

❗ **Keep the AC power connected during the whole process.**

❗ **Custom setup of any advanced settings such as undervolting/overclocking must be restored to default before starting the BIOS update.**

❗ **Use the USB flash drive with FAT32 format.**

❗ **If the system has the BitLocker enabled, refer to the details in FAQ before updating BIOS.**
