## Policy Regarding Radiant Heat Floor Systems

---

Happy Feet International will warranty all LVP products installed over Radiant Heat Flooring Systems based on the following stipulations:

- Any Radiant Heat Flooring System must not exceed 85 degrees Fahrenheit or 29 degrees Celsius.
- All Radiant Heat Flooring Systems must be approved and warranted by the Radiant Heat System manufacturer specifically for use under LVP.
- All installation guidelines provided by the Radiant Heat Manufacturer must be followed and supported by documentation prior to the installation of Happy Feet LVP.
