Ranges

Fit?

Buying a new range is an exciting experience. We created this guide to help you collect the information you need to make choosing your new range as easy as possible. Please use this measurement guide to ensure your new appliance will fit in its space properly. A measurement off by as little as 1/4 inch can turn the excitement of your new purchase into a major inconvenience. Double-checking your measurements will help to ensure a smooth purchase and delivery. These measurements are **not required but are suggested** to ensure you select the right product.

An appliance returned because it will not fit will cost you (the customer) a delivery fee and possibly a restocking fee. For questions or concerns about dimensions, please contact us at, 1-800-336-9136

Check Twice, Buy Once

Please check these measurements and configurations before selecting a new range

Measure the height of the backsplash.

Backsplash Height _____

Measure the height of the backsplash

Bottom Back _____

Obstacles

There are a couple questions that may affect the style of range that will work in your kitchen.

Is your range in a corner?

Yes No

Is there an island in your kitchen?

Yes No

The Fun Part!

Selecting your new range

Here at Nebraska Furniture Mart, we have a range for every lifestyle, with many color and style choices. Our ranges feature many options including gas, coil burners, radiant glass tops, and the newest induction technology. For ovens, we have features such as convection bake, convection roast, self-cleaning and hidden elements for easier oven care. It sounds like a lot to choose from, but don't be overwhelmed. Come in and we will help you narrow it down, that's why we are here!

Your New Range Arrives

Our delivery teams will make sure your delivery experience meets or exceeds your expectations.

- Our delivery teams are insured and qualified.
- We will provide you with a two hour window delivery notification the day prior to delivery.
- An individual 18 years or older must be present to receive the delivery.
- Our drivers will call you 30 minutes ahead of delivery.
- At that time please ensure that your old range is empty.
- Your new electric range will be plugged in and tested with the purchase of a new cord.
- Your new gas range will be connected and tested if our optional gas hook-up service is purchased (local delivery only).
- The delivery team will haul away your old unit if it has been pre-arranged.

Another Job Well Done!

If you have any additional questions, don't hesitate to call or visit any of our salespeople. We will be more than happy to answer any of your questions. Most importantly, thank you for your business!
